

Lesson Planning Template (Carnahan & Kroeger, 2019)

Lesson objective with measurable criteria aligned to standard		
Assessment tools and data collection procedures		
What teacher does:	What student does: engagement Assessment: evidence of learning	Contingencies:
Before: How will you gain student attention, activate background knowledge, pre-teach as needed?		
During: How does student self-monitor (e.g., text connections, content clues, graphic organizers)?		
After: How did student remember learning and integrate into existing knowledge?		
Communication skill and planned supports		
Plans for generalization or self-directed learning		
Resources & materials modifications/accommodations
