

Arizona Coalition for Educator Preparation and Practice

Programs

College and university course work, field experiences, and continuing professional development.

Policies

Leveraging partnerships to engage critical stakeholders in Arizona's colleges and universities, state agencies, and public districts and charters.

Practices

Preparing and empowering educators to create inclusive environments with a focus on high-leverage practices.

Our Vision

Improve educational outcomes for all students, including an explicit focus on students with disabilities, with alignment of professional learning, educator preparation, and other state initiatives to better prepare and support educators.

Our Mission

The mission of ACEPP is to improve educator preparation and practice in Arizona so that all leaders and teachers can provide each student, including students with disabilities, an equitable opportunity to achieve.
