

# Statewide Systems for MTSS

## Georgia

## New York

### Vision

Create statewide MTSS, integrating academics and behavior to teach educators to provide effective structures and practices that result in improved outcomes for students, particularly students with disabilities.

### Initial Funding for Support- SEA

**2017**  
GA State Personnel Development Grant

**2020**  
NY State Personnel Development Grant

### LEA Implementation

- 117+ districts and charter schools attended trainings in 2020-2021.
- 93% of participants reported MTSS training improved their skills.
- 100% of districts implemented with fidelity after two years.
- 89% of MTSS stakeholders reported improved collaboration.

- MTSS-I Center will support up to 200 schools in approximately 50 districts across the five years of the project.
- Delivery of onsite and virtual training and coaching.
- Conducting and monitoring fidelity of implementation of evidence-based practices by coaches and teachers in participating districts.

### Alignment with CEEDAR EPPs

**Objective:**  
Create resources, practice-based opportunities, and toolkits to support the learning and implementation of MTSS for pre-service and in-service teachers and leaders.

**Objective:**  
Create and implement a plan for ongoing communication and alignment between the New York CEEDAR State Leadership team, educator preparation programs, and NYSED state initiatives.

### EPP Reform

- Development of MTSS IC, planned pilot for program review/reform
- MTSS Case Studies

- Development and implementation of MTSS IC resulting in syllabi/program reform
